

CertifiedBackground.com

CertifiedBackground.com is a nationwide provider of Background Screening Services for colleges and universities. The Coalition for College Cost Savings (The Coalition) has secured an exclusive partnership with CertifiedBackground.com to provide our member organizations and their colleges and universities with cost-savings solutions for faculty and staff employment screening needs prior to hiring and/or promotion decisions. Also, for colleges and institutions evaluating students for admission to their professional programs, this new agreement provides cost effective options to ensure qualification pre-requisites are met by the applicants.

CertifiedBackground.com provides colleges and universities with a full spectrum of products to include criminal and sex offender records, random and on-site drug testing, credit and social security reports, employment and education verifications and professional licensure certification. Under this agreement, the Coalition has bundled the most requested of these services into fixed cost groupings for convenience and expense reduction. Some of these groupings and their entry pricing are shown below.

CertifiedBackground.com works with more than 1,300 colleges and universities nationwide and is partnered with leading applicant tracking software (ATS) providers. For schools without ATS, CertifiedBackground.com offers their own solution for applicant management at no charge.

The Coalition continually seeks out ways to provide our member organizations and their member institutions with service enhancements and cost-savings solutions to their operating costs. In this regard, we believe this service from CertifiedBackground.com will be an excellent addition to our portfolio of contracts.
