# MICUA State-Aided Member Institutions

Capitol Technology University

Goucher College

Hood College

Johns Hopkins University

Loyola University Maryland

Maryland Institute College of Art

McDaniel College

Mount St. Mary's University

Notre Dame of Maryland University

St. John's College

Stevenson University

Washington Adventist University

Washington College

# Students Served

*MICUA members serve just under **55,000 students** annually*

## MICUA Institutions:

- 1 in 3 (34%) students is an **underrepresented minority**
- 1 in 4 (24%) students is a **low-income Pell Grant recipient**
- 1 in 6 (15%) of new undergraduate students are **transfer students**
- An increasing number of students are **adult learners**

# For Academic Year 2020-2021

- **Fall 2020**, eight institutions offered only virtual instruction; five institutions provided an in person de-densified socially-distant residential college experience
- **Spring 2021**, two institutions offered only virtual instruction; eleven institutions provided an in person residential college experience
- Enrollment and auxiliary revenues declined, and while federal and state support helped, **losses from summer 2020 totaled over \$50 million and from fall 2020 totaled over \$150 million**
- **Spring 2021 losses** were estimated at over \$100 million

# Fall 2021 Operations: Vaccinations for Students

- Fall 2021, all of our institutions are providing an in person residential college experience
- **Requiring vaccinations for students:** Almost all MICUA institutions are requiring that students be vaccinated, but for bona fide religious or medical exemptions
- A few schools are allowing only vaccinated students to live in residence halls
- **Vaccination rates for students:** well above 90%; on some campuses, the only unvaccinated students are those who have received exemptions

# Fall 2021 Operations: Vaccinations for Faculty and Staff

- **Requiring vaccinations for faculty and staff:** About half of the MICUA institutions are requiring that faculty and staff be vaccinated
- Most of those that are not requiring vaccination are strongly encouraging or incentivizing it
- **Vaccination rates for faculty and staff:** almost all above 90%

# Fall 2021 Operations: Testing, Masking, and Distancing

- **Testing:** most schools are offering testing on campus and are testing on a weekly or twice-weekly basis. A few schools are testing vaccinated, as well as unvaccinated, individuals.
- **Masking:** almost all of our schools are requiring masking indoors and a few schools are requiring masking outdoors
- **Social distancing:** Several schools are requiring distancing indoors and a few schools are requiring distancing outdoors for unvaccinated people
- We are following very closely the guidance of local health departments and the Centers for Disease Control and Prevention

**THANK YOU!**
